

# TO SELECT A MANAGER FOR WOMAN'S DEPT.

THIS WILL BE ONE OF THE MOST IMPORTANT MATTERS TO BE CONSIDERED AT THE NEXT REGULAR MEETING OF BOARD OF DIRECTORS OF PENSACOLA INTERSTATE FAIR.

When the next meeting of the board of directors of the Pensacola Interstate Fair Association is held, which will be within the next few days, one of the most important matters to be considered will be the selection of a manager of the woman's department of the fair this fall. This important detail will be attended to at the next meeting, according to General Manager Lillard.

Mr. Lillard also said yesterday afternoon that a meeting of the committee on concessions and attractions would be held Tuesday morning at 10 o'clock for the purpose of taking up the propositions of local people for concessions and attractions, other than free attractions.

Several of the free attractions have already been booked and the general manager is now corresponding with a number of others, with the prospects that they will be closed within the next few days, but a number of local people and others have applied for concessions of various kinds already and this matter is to be taken up at the meeting Tuesday morning.

### NOTICE.

Especially to the Colored People of Pensacola.

The notice in the afternoon paper that I was tried for drunkenness and my case continued is absolutely without foundation. I have always been a law-abiding citizen, which was proven to the satisfaction of the recorder last Thursday. The charge was a false one brought by my wife and this was easily proven.

# WHITE WOMAN CHARGED WITH ROBBING MAN

MATTIE BLAKE IS ACCUSED OF  
"TOUCHING" AGED MAN FOR A  
SUM OF MONEY AMOUNTING  
TO ABOUT \$75.

Charged with being a dangerous and suspicious person, Mattie Blake, a white woman, was arrested by Captain Chas. Simpson, of the police department, last night and is now held in the city jail awaiting a hearing before Recorder Welsh. The specific charge against the woman is that she "touched" an old man named McKinnon, who lives out in the country, for a sum of money amounting to about \$75.

The offense with which the woman is charged occurred Friday night and was reported to the police, but was not made public because the officers wished to accomplish the arrest of the woman before she learned that she was suspected. Captain Simpson and a number of other officers spent a considerable portion of Friday night in trying to locate the woman and made several trips to her home in the West End but did not succeed in finding her until yesterday afternoon. None of the money was found in her possession, but she had purchased a lot of furniture and other household goods yesterday and according to Capt. Simpson, practically admitted taking the old man's money. She told Capt. Simpson that another woman, whose name she gave as a guilty as she was, but the captain says the woman she named is sick in bed and has been for some time, so that no credence is placed in this part of her story and the other woman has not been arrested.

The man from whom she is charged with taking the money is an aged man, apparently between sixty and seventy years old.

The case will be brought before the recorder at Monday morning's session of the police court.

# TWILIGHT TEAM BEATS COLLEGE

THE GIANTS, OF LOCAL LEAGUE,  
PLAYED FIRST GAME YESTER-  
DAY WITH PALMER COLLEGE  
AT D'FUNIAK WINNING BY  
SCORE OF 4 TO 3.

Despite the fact that they were on a new diamond, the Giants, of the local Twilight league, returned from De-Funiak last night, victorious after their first game of the season, having defeated the Palmer college team of that place by a score of 4 to 3.

The Giants showed up in good form and the game was featured by their heavy hitting. C. Bicker getting two two-baggers out of three times up.

W. Brown, playing first for the Giants, promises to star in that position this season, while P. Hagenwald, second and Cleve Gordon at short featured in their respective positions.

Pitcher Walver, of the Palmer college team, pitched a good game, but the support given him was very poor at times and he deserves credit for the manner in which he stood up under the slugging of the Giants.

An unusually large crowd attended the game and took much interest in the playing of both teams.

# LOSES TOOTH IN A FIGHT

GUS JOHNSON, OF PAXTON, AND  
ARTHUR HEMINGWAY, OF THIS  
CITY, ENGAGED IN LIVELY FIS-  
TICUFF LAST NIGHT AND BOTH  
WERE ARRESTED.

Because of some words which the two men had exchanged in regard to some work in which both of them were interested, Gus Johnson, of Paxton, and Arthur Hemingway, of this city, engaged in a lively scrap in the Meeks saloon, where they chanced to meet last night about 9:30, with the result that Johnson lost a tooth and both were arrested by Deputy Marshal Anderson.

It seems that the man had had some words during the day yesterday about a job on which Hemingway, who is employed by the Gulf Machine Works, was working and which Johnson was looking out for the company which he represents.

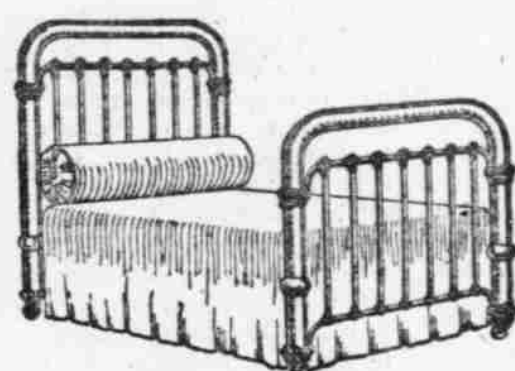

The fight caused a considerable amount of excitement, as a great many people were in the vicinity when it began and quite a number followed the men to the police station.

Both of the men were allowed to go on their own recognizance to appear in court Monday morning.
